Impact of the Vietnam War

Johnson announces (March, 1968):

I do not believe that I should devote an hour or a day of my time to any personal partisan causes, or to any duties other than the awesome duties of this office, the Presidency of your country.

Accordingly, I shall not seek, and I will not accept, the nomination of my party for another term as your President.

The Election of 1968

p. 931

- Richard Nixon only narrowly won the 1968 election, but the combined total of popular votes for Nixon and Wallace indicated a shift to the right in American politics.
- The 1960's began as an era of optimism and possibility and ended in disunity and distrust.

The Election of 1968

- Nixon campaigned as a champion of the "silent majority," the hardworking Americans who paid taxes, did not demonstrate, and desired a restoration of "law and order" in the face of assassinations & mass protests.
- He vowed to restore respect for the rule of law, reconstitute the stature of America, dispose of ineffective social programs, and provide strong leadership to end the turmoil of the 1960's.

President Richard M. Nixon

Reversing Kennedy's inaugural plea to "bear any burden," Nixon told Congress in February 1970, "America cannot—and will not—conceive all the plans, design all the programs, execute all the decisions and undertake all the defense of the free nations of the world."

Nixon in Person

- Although he had a reserved and remote personality, many Americans respected Nixon for his experience and service.
- Nixon was willing to say or do anything to defeat his enemies, who included political opponents, the government bureaucracy, the press corps, and leaders of the antiwar movement.
- Believing that the executive branch needed to be strong, Nixon gathered a close circle of trusted advisors around him.

Nixon's Staff

Nixon's Close Advisors

- **H. R. Haldeman** — After campaigning tirelessly for Nixon, advertising executive H. R. Haldeman became Nixon's chief of staff.
- **John Ehrlichman** — Lawyer John Ehrlichman served as Nixon's personal lawyer and rose to the post of chief domestic advisor.
- **John Mitchell** — Asked to be Attorney General after working with Nixon's campaign in New York, Mitchell often spoke with Nixon several times a day.
- **Henry Kissinger** — Although he had no previous ties to Nixon, Harvard government professor Henry Kissinger first became Nixon's national security advisor and later his Secretary of State.

The Stagnated 70s p. 938

What is inflation?

- Why did the U.S. Economy suffer at the beginning of the 1970s?

- End of post WWII economic boom
- Funding Vietnam War & The Great Society
- International competition

Median Household Income, 1970–2005

During the long post–World War II economic boom (from about 1950 to 1970), family incomes increased dramatically, but after 1970 “real,” or inflation-adjusted, incomes stagnated. Prosperity in the late 1990s led to a slight upward trend, though adjusted median family income began to decline in the early years of the twenty-first century.

Nixon’s Domestic & Economic Policies

• **Stagflation**: described as a period of high inflation combined with economic stagnation, unemployment, or economic recession that occurred during the 1970s.

• **Stagflation** is thought to occur when there is an adverse shock (a sudden increase, say in the price of oil)

Stagflation Response

- Taxed imports to help balance of trade
- Helpless to stop OPEC (Organization of Petroleum Exporting Countries) from oil embargo in retaliation for Israeli support
- Issues wage and price controls to reduce inflation and spur job growth
- Goes off gold standard to lessen dollar and bolster US products overseas

Domestic Policy—Oil and Inflation

- During Nixon’s first few years in office, unemployment and inflation rose, and federal spending proved difficult to control.
- In response, Nixon turned to the practice of **deficit spending**, or spending more money in a year than the government receives in revenues. He also imposed two price freezes lasting several months each.
- When the United States supported its ally Israel in a war against Egypt and Syria in 1973, the Arab members of the **Organization of Petroleum Exporting Countries (OPEC)** imposed an embargo, or ban, on shipping oil to the United States.
- The resulting shortage resulted in high oil prices, which in turn drove inflation even higher.

Domestic Policy—Social Programs

- Although Nixon himself supported cutting back or eliminating federal social programs, he did not want to alienate those voters who favored them.
- Under Nixon’s **New Federalism**, states were asked to assume greater responsibility for the well-being of their citizens, taking some of this responsibility away from the federal government.

The “Southern Strategy”

Nixon’s Views on Civil Rights

- Nixon did not support advances in civil rights, believing that to do so would cost him the support of many white southern voters.
- Hoping to win over white southern Democrats, Nixon sought a “southern strategy” which would keep his supporters happy.

Results of Nixon’s Views

- Nixon’s views resulted in a slowdown of desegregation.
- Although Nixon tried to prevent the extension of certain provisions of the **Voting Rights Act of 1965**, Congress went ahead with the extension.
- Busing to end segregation in schools was slowed, but not halted entirely, by Nixon’s opposition to it.

Nixon's Supreme Court

- During Nixon's first term in office, four of the nine Supreme Court justices either died, resigned, or retired. This gave him the opportunity to name four new justices and, thus, reshape the court.
- Warren Burger, Nixon's choice for Chief Justice, was a moderate. However, Nixon's later appointees reflected his conservative views.
- The Senate rejected two of Nixon's nominees from the South, charging that they showed racial bias.

The First Moon Landing

- During Nixon's presidency, the United States achieved its goal of a successful moon landing.
- On July 20, 1969, Neil A. Armstrong became the first man to walk on the moon. He was joined by Edwin E. "Buzz" Aldrin, Jr., a fellow crewman on the *Apollo 11* spacecraft.
- Television viewers around the world watched the moon landing, and *Apollo 11*'s crew were treated as heroes when they returned.

Nixon's Foreign Policy

- Détente = easing of tensions between US, Soviet Union and China. Nixon visits
 - China
 - Soviet Union
- SALT I
- Vietnam War
 - Vietnamization
 - Peace With Honor
 - Cambodian bombing raids
 - Paris Peace Accords of 1973

Henry Kissinger

Practical Politics

- Kissinger admired the European political philosophy of **realpolitik**, or practical politics.
- Under this policy, nations make decisions based on maintaining their strength rather than on moral principles.
- Kissinger applied a **realpolitik** approach to his dealings with China and the Soviet Union, which led to better diplomatic relations with both nations.

Public Opinion

- Kissinger understood the power of the media and was able to use it to shape public opinion.
- Kissinger's efforts in ending the Vietnam War and easing Cold War tensions made him a celebrity.
- He topped a list of most-admired Americans, was often featured on the cover of *Time* magazine, and in 1973 shared the Nobel peace prize.

Relaxing Tensions

Détente

- Although Nixon had built a reputation as a strong anti-Communist, he and Kissinger reversed the direction of postwar American foreign policy by holding talks with China and the Soviet Union.
- Nixon and Kissinger's greatest accomplishment was in bringing about **détente**, or a relaxation in tensions, between the United States and these Communist nations.
- Nixon visits China, meets with Chou En Lai and Chairman Mao.

Complex Foreign Affairs

- Kissinger understood that foreign affairs were more complicated than just a standoff between the United States and communism.
- The Soviet Union and China, once allies, had become bitter enemies.
- This development had the potential to reshape global politics.

Nixon's Foreign Policy

- Advisor Henry Kissinger creates détente, warming Cold War relationships
- Goes to both the USSR and China in 1972 becoming first President to visit those nations
- SALT agreement with the Soviets

A New Approach to China

Easing Relations Between the United States and China

- **Historical Background** — After its Communist takeover in 1949, the United States refused to recognize the People's Republic of China, viewing the government of Taiwan as the legitimate Chinese rulers.
- **Steps to Ease Relations** — During the early 1970s, relations eased between the United States and the People's Republic of China. Nixon referred to the nation by name, travel and trade restrictions were lifted.
- **Nixon's Visit to China** — In February 1972, Nixon became the first American President to visit China. Touring Chinese sites in front of television cameras, Nixon established the basis for future diplomatic ties during his visit.
- **Recognizing the Chinese Government** — The United States decided to join other nations in recognizing the Chinese government.

Limiting Nuclear Arms

- Uses new relations with China to get USSR to talk, wants to limit Anti-Ballistic Missiles (ABMs), leads to Strategic Arms Limitations Talks—helped reduce tensions
- In 1972, the United States and the Soviet Union signed the first **Strategic Arms Limitation Treaty**, known as **SALT I**.
- **SALT I** froze the number of strategic ballistic missile launchers at existing levels, and provided for the addition of new submarine-launched ballistic missile (SLBM) launchers only after the same number of older intercontinental ballistic missile (ICBM) and SLBM launchers had been dismantled.
- **SALT I** demonstrated that arms control agreements between the superpowers were possible.
- However, it did not reduce the number of weapons that either nation possessed, nor did it halt the development of conventional weapon technologies.

Nixon's Foreign Policy in Vietnam

Peace With Honor

Nixon's idea of "peace with honor" in Vietnam was designed to contrast his plan with that of the Democrats, who just wanted to dump US allies in South Vietnam and allow them to be taken over by the Communists.

Vietnamization

Nixon had hoped to slowly remove US from the war while helping South Vietnam to defend itself. He tried to force North Vietnam into accepting a peace plan by increasing bombing on North Vietnam and by attacking North Vietnamese strongholds in Cambodia.

For more information on Nixon's Vietnam policy and the Vietnam War, look at the Vietnam War powerpoint.

Spiro Agnew

- Nixon's belligerent Vice-President who took on opponents much like Nixon did for Ike
- Alliteratively referred to "hopeless, hysterical hypochondriacs of history"
- Pleaded 'no contest' to bribe charges, resigns from office in late 1973
- Gerald Ford replaces

Nixon's V.P. Resigns

- In an unrelated incident Nixon's Vice President, Spiro Agnew → → is forced to resign in 1973 for taking bribes.

How did the public view Agnew's resignation in the middle of the Watergate Scandal?

Congress uses the 25th Amendment for the 1st time & appoints congressman Gerald Ford → → as Nixon's new V.P.

Battling Political Enemies

- Nixon's suspicious and secretive nature caused the White House to operate as if it were surrounded by **political enemies**.
- One result of this mind-set was the creation of an "**enemies list**," a list of prominent people seen as unsympathetic to the administration.
- When someone in the National Security Council appeared to have leaked secret government information to the **New York Times**, Nixon ordered that **wiretaps**, or listening devices, be installed on the telephones of some news reporters and members of his staff.
- Leaks to the press continued, including former Defense Department official Daniel Ellsberg's leak of the **Pentagon Papers**, a government study that revealed widespread deception about the situation in Vietnam.
- In response, Nixon organized a special White House unit, nicknamed the **Plumbers**, to stop government leaks. In September 1971, the **Plumbers** broke into the office of Ellsberg's psychiatrist, hoping to punish Ellsberg by disclosing damaging personal information about him.

Daniel Ellsberg and the Pentagon Papers

- Daniel Ellsberg was an employee of the Defense Department who leaked a classified assessment of the Vietnam War in 1971.
- The 7,000 page document came to be known as the Pentagon Papers.
- They cast doubt on the justification for entry into the war and revealed that senior government officials had serious misgivings about the war.
- When the **New York Times** and **Washington Post** began to publish the Pentagon Papers, the Nixon Administration sued them.
- The Supreme Court ruled that the papers could continue to publish the documents.

PENTAGON PAPERS

- ❖ In June 1971, Daniel Ellsberg leaked the Pentagon Papers to the *NY Times*
- ❖ These are a detailed study of US policy in Vietnam commissioned in 1967
- ❖ Because they showed that US leaders had planned all along to expand the war even while promising not to, Nixon and Kissinger felt threatened
- ❖ They tried to stop publication and even burgled Ellsberg's psychiatrist's office looking for evidence to discredit him

PENTAGON PAPERS

- In June 1971, Daniel Ellsberg leaked the Pentagon Papers to the *NY Times*
- A detailed study of US policy in Vietnam commissioned in 1967
- Showed US leaders had lied to the American people about not wanting to expand the Vietnam War but did.
- President Nixon felt **National Security** was threatened.
- Nixon was successful in obtaining a **court order** to stop publication but *New York Times* filed a lawsuit citing free press issues and violating no **prior restraint**.
- Nixon ordered Ellsberg's psychiatrist's office burglarized looking for evidence to discredit him.

PENTAGON PAPERS

- Ellsberg was charged with 12 felony counts under the **Espionage Act**.
- Carried a maximum sentence of 115 years.
- The charges against Ellsberg and Anthony Russo (who helped him photocopy the papers)

- Charges were dismissed in the fifth month of the trial.
- On grounds of governmental misconduct due to illegal wiretapping and evidence tampering.

The Post

Nixon's Reelection Campaign

Campaign Funding

- The **Committee to Reelect the President**, led by John Mitchell, aimed to collect as much campaign money as possible before a new law required such contributions to be reported.
- The money that the Committee collected was intended to fund both routine campaign activities and secret unethical actions.

"Dirty Tricks"

- Attempts to sabotage Nixon's political opponents came to be known as "dirty tricks." These efforts included sending hecklers to disrupt Democratic campaign meetings and assigning spies to join the campaigns of opposing candidates.
- One particularly damaging "dirty trick" involved a faked letter that seriously hurt the candidacy of Edmund Muskie, a leading Democratic presidential contender.

PLUMBERS

- ❖ Nixon established a secret group known as the plumbers to plug leaks
- ❖ Started campaign of dirty tricks that included IRS harassment and derailing of Democratic frontrunner Edmund Muskie.
- ❖ Used methods as calling New Hampshire voters in the middle of the night and claiming to be from Harlem for Muskie or putting signs around Florida stating "Help Muskie in busing more children now"
- ❖ Funded by Committee to Re-Elect the President (**CREEP**) which used highly questionable fund raising tactics and raised over \$20 million

The White House Plumbers

Howard Hunt

G. Gordon Liddy

James McCord

Chuck Colson

- In 1971 the White House created a secret unit to ensure internal security.
- This unit was called the Plumbers because they stopped leaks of classified information to the news media. Pentagon Papers
- While working for the Committee for the Re-election of the President (CREP) the Plumbers began engaging in illegal activities including the Watergate break ins.
- This resulted in the Watergate cover up scandal

The Watergate Break-In

- In March 1972, a group within the **Committee to Reelect the President** made plans to wiretap the phones at the **Democratic National Committee Headquarters** at the Watergate apartment complex in Washington, D.C.
- This group was led by **E. Howard Hunt and G. Gordon Liddy**. The group's first attempt failed. During their second attempt on June 17, 1972, five men were arrested.
- The money they carried was traced directly to Nixon's reelection campaign, linking the break-in to the campaign.
- The break-in and the coverup which resulted became known as the **Watergate scandal**.

The Watergate Break-in

- When initial polls showed Nixon's support starting to slide in the Election of 1972, the Plumbers turned their activities to political espionage.
- On 17 June 1972, 5 men were arrested while attempting to bug the headquarters of the Democratic Party inside the Watergate building in Washington D.C.
- One of the men arrested, James McCord, was the head of security for the Republican Party.
- The Nixon campaign denied any involvement.

WATERGATE BREAK IN

- ❖ Some of the money raised by **CREP** went to pay for the break in at the Democratic Headquarters located in the Watergate Hotel in Washington
- ❖ 5 burglars caught June 17, 1972, carrying cameras, wiretapping equipment and large amounts of cash
- ❖ Nixon administration denied any knowledge
- ❖ Burglars were convicted in January 1973 and, despite offers of \$400K in hush money from White House Counsel John Dean, one of the burglars started to talk
- ❖ At same time, reporters Carl Bernstein and Bob Woodward began to expose cover-up

The Watergate Coverup

- Although Nixon had not been involved in the break-in, he became involved in its **coverup**.
- He illegally authorized the CIA to try to persuade the FBI to stop its investigation of the break-in, on the grounds that the matter involved **"national security."**
- Nixon advisors launched a scheme to bribe the Watergate defendants into silence, as well as coaching them on how to lie in court.
- During the months following the break-in, the incident was barely noticed by the public. Nixon won the 1972 election by a landslide.

Watergate Enters the Nixon Campaign

- The break-in was eventually tied to the Nixon reelection campaign through a \$25,000 check from a Republican donor that was laundered through a Mexican bank and deposited in the account of Watergate burglar Bernard Barker.
- Later it was discovered that Former Attorney General John Mitchell, head of Nixon's "Committee to Re-Elect the President," (CREEP) controlled a secret fund for political espionage.

Mitchell would later go to prison for his role in the scandal

Woodward, Bernstein and the *Washington Post*

- Watergate came to public attention largely through the work of Bob Woodward and Carl Bernstein, investigative reporters from the *Washington Post*.
- Despite enormous political pressure, *Post* editor Ben Bradlee, publisher Katherine Graham, Woodward and Bernstein, aided by an enigmatic source nicknamed "Deepthroat" kept the story in the public consciousness until Nixon's resignation.

The Scandal Unfolds

The Watergate Trial

- At the trial of the Watergate burglars in early 1973, all the defendants either pleaded guilty or were found guilty.
- Judge John J. Sirica, presiding over the trial, was not convinced that the full story had been told.
- He sentenced the burglars to long prison terms, suggesting that their terms could be reduced if they cooperated with upcoming Senate hearings on Watergate.

Woodward and Bernstein

- Two young *Washington Post* reporters, Bob Woodward and Carl Bernstein, were influential in tracking down information to uncover the Watergate story.
- Woodward and Bernstein believed that the White House would prove to be involved in the Watergate scandal.

The Watergate Investigations: Judge John Sirica

- Watergate came to be investigated by a Special Prosecutor, a Senate committee, and by the judge in the original break-in case.
- Judge Sirica refused to believe that the burglars had acted alone.
- In March 1973, defendant James W. McCord sent a letter to Sirica confirming that it was a conspiracy.
- Sirica's investigation transformed Watergate from the story of a "third-rate burglary" to a scandal reaching the highest points in government.

WATERGATE

- ❖ In February 1973, the Senate voted to establish a select committee to investigate the scandal
- ❖ In April, 3 of Nixon's top aides resigned after their implication and Dean, who was getting nervous, was fired while press secretary Ron Zeigler declared all previous statements on the subject "inoperative"

The Scandal Unfolds

The Senate Investigates

- Aided by Woodward and Bernstein and by the testimony of one of the Watergate burglars, a **Senate Select Committee on Presidential Campaign Activities** began to investigate the Watergate affair.
- Millions of Americans watched the Senate hearings unfold on national television.
- Nixon attempted to protect himself by forcing two top aides to resign and by proclaiming that he would take final responsibility for the mistakes of others.

A Secret Taping System

- During the Senate hearings, Alexander Butterfield, a former presidential assistant, revealed the existence of a secret taping system in the President's office.
- The taping system had been set up to provide a historical record of Nixon's presidency. Now it could be used to show whether or not Nixon had been involved in the Watergate coverup.

WATERGATE

- ❖ In May, the Senate Watergate Committee chaired by Sam Ervin of North Carolina began nationally televised hearings

- ❖ On June 14, Jeb Magruder, former Asst. Sec of Commerce, confessed his guilt and implicated Attorney General John Mitchell, **John Dean** and others

- ❖ **Dean** then implicated Nixon and an aide revealed that there was a secret taping system in the White House

The "Saturday Night Massacre"

- The U.S. Attorney General and his top deputy resign from their posts – why?
- They refused to fire the special prosecutor appointed to investigate to Watergate scandal

Who ordered the "Saturday Night Massacre"?

The "Saturday Night Massacre"

- In an effort to demonstrate his honesty, in May 1973 Nixon agreed to the appointment of a **special prosecutor** for the Watergate affair.
- A special prosecutor works for the Justice Department and conducts an investigation into claims of wrongdoing by government officials.
- The Watergate special prosecutor, **Archibald Cox**, insisted that Nixon release the White House tapes.
- Nixon ordered him fired on Saturday, October 20, 1973, beginning a series of resignations and firings that became known as the "Saturday Night Massacre."

The Saturday Night Massacre

Archibald Cox

- The Administration reached an agreement with the Senate Watergate Committee that its Chairman would be allowed to listen to tapes and provide a transcript to the Committee and to Special Prosecutor Archibald Cox.
- The deal broke down when Cox refused to accept the transcripts in place of the tapes.
- Since the Special Prosecutor is an employee of the Justice Department, Nixon ordered Attorney General Elliott Richardson to fire Cox.

SATURDAY NIGHT MASSACRE

- ❖ Nixon stonewalled turning over tapes citing executive privilege and national security
- ❖ Special Prosecutor Archibald Cox successfully petitioned a lower court to force Nixon to hand over tapes
- ❖ Nixon refused and ordered Attorney General Elliott Richardson to fire Cox
- ❖ Richardson refused and resigned as did Asst. AG William French Smith
- ❖ Third in line, Solicitor General Robert Bork complied
- ❖ Became known as Saturday Night Massacre and sparked outrage and new demands for tapes
- ❖ Finally after new round of subpoenas, Nixon released heavily edited transcripts in spring of 1974 including a suspicious 18 minute gap in one of the tapes

An Administration in Jeopardy

Problems in the Nixon Administration, 1973–1974

- Nixon's public approval rating plummeted after his firing of Cox.
- When Cox's replacement, Leon Jaworski, also requested that Nixon turn over the tapes, Nixon turned over edited transcripts instead. Feelings of anger and disillusionment arose among many who read them.
- Vice President Spiro Agnew, accused of evading income taxes and taking bribes, resigned in early October 1973. His successor, Gerald Ford, was not confirmed until two months later.

Senate Investigation and the Oval Office Tapes

- The Senate began hearings into Watergate in May 1973.
- The hearings were televised in their entirety.
- They focused on when the President knew of the break-in.
- In June 1973, former White House legal counsel John Dean delivered devastating testimony that implicated Nixon from the earliest days of Watergate.

Senate Investigation and the Oval Office Tapes

- The Nixon Administration was eager to discredit Dean and his testimony so it began to release factual challenges to his account.
- Eventually a former White House aide would reveal information about an automatic taping system that Nixon had secretly installed in the Oval Office.
- Nixon fought to keep these tapes from being released to the public.

The Smoking Gun Tapes

- The Supreme Court forced Nixon to surrender the tapes.
- Nixon was implicated from the earliest days of the cover-up:
 - authorizing the payment of hush money
 - attempting to use the CIA to interfere with the FBI investigation.
- One tape has an 18 1/2 minute gap.
- "The smoking gun tapes," were released in August 1974, just after the House Judiciary Committee approved Articles of Impeachment against Nixon.

Impeachment Hearings and Nixon's Resignation

- After the Saturday Night Massacre, Congress began the process of determining if they should **impeach** the President, or charge him with misconduct while in office.
- In the summer of 1974, **the House Judiciary Committee** voted to impeach Nixon on numerous charges. Conviction, and removal from office, seemed likely.
- On August 5, 1974, Nixon released the White House tapes, with an 18 1/2 minute gap. Even with this gap, the tapes revealed his involvement in the Watergate coverup.
- On August 9, 1974, Nixon resigned, the first President ever to do so. Gerald Ford was sworn in as the new President.

IMPEACHMENT

- ❖ In summer of 1974, a committee of the House convened to consider impeachment
- ❖ On July 30, 7 Republicans joined Democratic majority to vote three articles of impeachment
 - obstruction of justice
 - abuse of power
 - subverting the Constitution
- ❖ 2 days later, Supreme Court ruled that Nixon had no right to claim **executive privilege** as justification for turning over additional tapes
- ❖ On August 5 Nixon released the unexpurgated tapes which contained shocking evidence that he had ordered the cover up as early as 6 days after the break in

RESIGNATION

- ❖ A delegation of the most senior members of Congress, led by Barry Goldwater, informed the President that no more than 15 Senators still supported him
- ❖ On August 9, 1974, Nixon resigned
- ❖ Vice President Gerald Ford became President and a month later pardoned Nixon

Nixon Resigns

- On 27 July 1974, the House Judiciary Committee approved Articles of Impeachment against Nixon.
- On 5 August 1974, when the "smoking gun tape" became public, a delegation from the Republican National Committee told Nixon that he would not survive the vote in the Senate.
- On August 8, 1974 Richard Nixon became the first American president to resign.

Aftermath Spirit p. 543

Ford announcing the pardon

- More than 30 government officials went to prison for their role in Watergate.
- Richard Nixon was not one of them.
- In September 1974, President Gerald Ford gave Nixon a full pardon.
- In 1976 *All the President's Men* was adapted into an Oscar winning film.

AFTERMATH

- ❖ **26th Amendment** gave 18 year olds the right to vote. If 18 year olds young men could fight and die this country, than they should have the right to vote.
- ❖ In middle of crisis, Congress, over Nixon's veto had passed the **War Powers Resolution** that limited presidential commitment of troops overseas to 60 days, after that required to get congressional approval
- ❖ 1974 strengthened **Freedom of Information Act** gave citizens greater access to files that federal government agencies had on them
- ❖ **Fair Campaign Practices Act of 1974** limited campaign contributions and provided for stricter accountability and public financing of presidential campaigns
- ❖ **Independent Counsel Act of 1978** required Attorney General, in cases of suspected criminal activity in the executive branch, to call on three federal judges to appoint a special prosecutor
 - ❖ American distrust of its government, "**credibility gap**" 🌟
